RIVERSIDE LOG

VOLUME I DECEMBER 2, 1949 ISSUE 2

7-3 WINS MAGAZINE DRIVE

Mr. Neal's Class Comes Through With Last Minute Dash

The ten dollar prize for winning the magazine sales contest goes to Mr.Neal's home room, 7-3. They won easily with a total of $212.90. Class 9-2 which had worked hard throughout the contest came in second with $142. Class 8-4 came in third with $111.75. No other class in the school managed to reach its quota of $100, but a great deal of credit goes to every student who did his part by bringing in at least one subscription.

Salesmen who were particularly active were Betty Johnson, Kenneth Lovko, Gerald Smith, and Kenny Hada.

Here are the standings of the rest of the classes:

9-1	$96.50	8-1	$26.50
7-2	87.50	8-3	24.50
7-5	54.25	8-2	19.75
7-4	53.00	9-3	11.50
7-1	31.50		

****

Santa Claus is coming to town!---but he's going to stop first at Riverside on his way to Painesville. The girls in Junior Tri-Hi-Y have dressed dolls to help Mr. S. C. fill his pack. Some of the outfits the girls created would make the best of the famous designers take a back seat in Santa's sleigh. The whole school may have a peek at these toy bundles of joy in just a few days. There's going to be a contest to choose the most original and best dressed doll. The rules of the contest will be announced later this week, so keep on the lookout for them and get ready to vote.

****

NICKNAME CONTEST

At last the final names in the nickname contest have been announced-and now it is our turn to choose the winner from the following list. Each student is to vote for one name.

I have chosen the name:

1. Huskies--
   because our teams are sturdy, strong, in good shape, and can weather the storm.
2. Black Hawks--
   because the name fits the courage and pride of Riverside.
3. 49'ers--
   because that was when the school was finished and when we started to school.
4. Beavers--
   because the name is appropriate: first, the beavers' natural habitat is by the "river-side", and second it expresses very nicely the alert and eager attitude of our students both in athletics and studies.
5. Rockets--
   because Rocks are found on the Riverside and we want our team to go as fast as "rockets". I also like the name because both names start with the letter "R".
6. Rams--
   because that is how our football team plays and we have white helmets like Rams' horns.
7. Black Devils--
   because black is one of the school colors, and we want "hot" football and basketball teams!

BOY OF THE MONTH

The boy of the month is our well known Elwood Satterfield. Woody is Student Council representative for 9-3 and president of the Student Council.

Woody came to Riverside from Madison Avenue School where he was president of the eighth grade class. Woody's hobby and favorite pastime is sports, and his life ambition is to play pro football. He belongs tp tje 4-H Club. Woody who has one sister and one brother was born in Painesville, but has traveled quite a bit. Woody was a halfback on our football team and is going out for basketball.

ARE YOU A CATERPILLAR?

Processionary caterpillars feed on pine needles. They move through trees in a long procession, one leading and the others following--each with his eyes half closed and his head snugly fitted against the rear exterior of his next predecessor.

Jean-Henri Fabre, the great French naturalist, after patiently experimenting with a group of these caterpillars, finally enticed them to the rim of a large flower-pot where he succeeded in getting the first one connected up with the last one, thus forming a complete circle which had neither beginning nor end.

The naturalist expected that after a while they would catch on to the joke, get tired of their useless march and start off in some new direction. But not so.

Through sheer force of habit, the living, creeping circle kept moving around the rim of the pot, round and round, keeping the same rhythm and pace for seven days and seven nights----and would doubtless have continued longer had it not been for sheer exhaustion and ultimate starvation.

Incidentally, an ample supply of food was close at hand and plainly visible, but it was outside the range of the circle, so they continued along the beaten path. They were following instinct --habit--precedent--past experience-- standard practice-- or whatever you may choose to call it, but they were following it blindly.

They, like a lot of students mistook activity for accomplishment. They meant well--but they got no place.

NEWS

HELP THE TB DRIVE

Under the sponsorship of the Student Council a Tuberculosis Drive is being held. It began November 21, and will end December 21. The following girls will have charge of the drive: Elsie Taylor, Alyce Talcott, Mary Loomis, Ann Nichols, Delores Caplinger, Eilene Lake, Nancy Dunwell, Carol Jo Murphy, Lola Reed, and Margot Greene.

****

"PENCIL PUSHERS"

At the November 9th meeting of the Art Club, the members selected and voted on a name. The name chosen was "The Pencil Pushers." Suggestions on rules for the club were made; and the members also worked on the club's constitution.

****

CLASSICAL CLUB

The Latin Club has made much progress in its preceding meetings. It has written a constitution and has appointed committees such as the initiation and membership committee. The club has two new members, who are Beverly Archer and Dale Bixler. The club now consists of ten members. We have sent for our Junior Classical League membership cards and pins which we hope all of you will see soon.

Correction: Riverside vs. ~~Wickliffe~~ Kirtland 14-0; not 104-0.

****

ARE YOU SAVING?

The Student Council has begun to collect tax stamps, in order to raise money for the treasury. There is a convenient place in each home room where you are to put the stamps. Let's get busy and bring in lots of stamps!

****

CLASS NEWS

9-3 has two new boys. One is Vance Underwood, a freshman who hails from Doddridge Co. High. Vance was born in West Virginia and has two sisters and three brothers. Vance's hobby is carving, but he also likes football, basketball, and baseball.

Our other freshman is Thomas McKinney, who hails from Pine Grove School in West Virginia, too. Thomas was born there and has one brother and two sisters. Thomas's hobby is collecting match folders, but being a boy he also goes in for hunting and fishing.

****

Have you heard all the noise in 101 at noon lately? Don't worry about the roof falling down; it is the band members practicing. Unfortunately they all don't play the same tune. If you happen to go past you might hear strains of "Yankee Doodle," "Mary Had a Little Lamb" and others. This is because many people are only beginning an instrument this year. I think everyone is coming along nicely and by next year at football time we will have a good band.

New additions to 101 are a piano and record player.

Withdrawn - Patricia Miller, Reba Diehl, Harry Dalrymple.

****

7-4 News

Lola Reed of 7-4 has quite a reputation for being a tap dancer. Recently she danced for an amateur show at Champion Junior High School, and won fifth prize. Lola had previously danced at Concord school, and this summer she danced at the fair and won second prize. She takes tap dancing lessons from Betty Kerr Grey.

****

7-2 News

7-2 has a new girl in their room. She is a very nice girl. We hope she likes us. I am sure she does. The girl's name is Shirley Boyles. She comes from Windsor High School. I asked her how she liked the school and she said, "I like it very much."

Carol Frank went on a trip last month to Fremont and Gibbinbourge, then from Gibbinbourge to Bowling Green. She had a good time.

****

Lake County Teachers' Meeting

The Lake County Teachers' meeting was held November 17, 1:30 to 4:00 P. M. It took place in the Mentor High School.

Rev. Angus Bulter of the Mentor Christian Church gave the Invocation. The business meeting was conducted by the president, Mr. Howard Shadle, shop instructor of the Riverside Junior High School.

An address was given by Dr. Robert M. Shaw, professor of education at Kent State University.

Music was furnished by the Madison Memorial Choral Club.

After the meeting was adjourned, Mr. Shaw spoke to the high school teachers in a separate session.

G. A. A. News

The officers for the G. A. A. are as follows: President, Patricia Fritton; Vice President, Rose Picciuto; Secretary, Dee Curtiss; Treasurer, Patricia Russell.

The girls decided to make pinnies. These will be used for playing various sports where teams are involved.

They will be made in two different colors. Then the two teams can be told apart.

A few of the sports that the girls are going to take up are bowling, badminton, volleyball and baseball. We will also have hayrides and sleigh rides.

Mr. Proper talked to us November 9 about football which helped a lot of girls understand the fundamentals of the game better.

Ways of raising money were discussed and the following were decided upon: Selling school emblems and having dances in the lobby at noon. There will be specific days for the seventh, eighth, and ninth grades.

Our constitution of the G. A. A. was approved by the Student Council and Mr. LaMuth. We are now a true club.

****

7-1 News

President, Lanny Bonnema; Vice-President, Joyce Fleming; Secretary, Stanley Brooks; Treasurer, Burke Ball; Student Council members, Charlene Buckholdt and Richard Brown.

****

Nimrods

Hunting season opened with quite a bang. A few girls and quite a few boys were excused from school to go hunting. Jerry Whitehair of 8-4 got himself a red fox, with his twenty gauge gun. Others bagged from one to four rabbits.

****

MONITOR SYSTEM

The Council hopes to be able to establish and maintain order in the halls between periods and at noon through the co-operation of the student body.

It is proposed that the council member from each home room shall work in close co-operation with his home room teacher. They will explain to their home room group that the student body is not conducting itself in a proper manner and that they (the council members) feel that the student body can improve the situation through its own efforts.

However, the representatives from each home room will be with its group throughout the entire day and will consider it a personal responsibility to see that the members of their group conduct themselves in a proper manner. If anyone does not behave in the way that he should, the student council representatives shall feel that it is his responsibility to report the violator to the home room teacher so that some action can be taken.

Student Council members will watch very carefully, such places as stairways, drinking fountains, and other places where there might be large numbers of students causing traffic to slow down. They will be alert for such things as running, pushing, or horseplay of any kind.

At noon it is felt that all students should be in rooms or outside the building. There is no reason for loitering or gathering in the hallways. Members of student council have volunteered to stay on duty at various spots in the hallways at noon to see that there is no loitering in the hallways.

Council is aware that the success of this plan depends primarily upon the students, disciplining themselves. It is hoped that the students of Riverside will prove that they are big enough to handle the job.

****

Correction

Apologies to Bob Fliter, 9-2, whose name was omitted from Honor Roll 9 in our last issue.

****

ART EXHIBIT

Have you noticed our wonderful art exhibit in the lobby? Our artist is Mr. Proper. Some of this work was done at Kent State University and some was done for practice. Mr. Proper likes to work with water colors best.

"The Fountain" is the picture he enjoyed making most. It is taken from a scene on an island off the coast of Italy. The card designs were perfected with a ruler and brush. On "The Bullfight", he used a technique quite different from anyone else. He did it on a scratchboard, which he enjoys working on because it is unusual.

Among his other paintings are: "Swamp Life", "Sledge and Grays", "Abandoned Water Tower", "Public Water Fountain", "Bridge Eye View", "Silver on Black", and last but not least, "Feeding Young Elephants".

Mr. Proper hopes to acquire a Master's degree in Art at the University of Iowa, this summer.

Yes, those huddles in the rooms, halls, and various other places in the school are checker games. As yet we haven't had the final results, since the contest won't be over for another week or two.

The purpose is to occupy the pupils' time so as to keep them out of the halls. I think, from my point of view that the checker tournament is doing just that.

****

Now that basketball season is just around the corner you are probably wondering what kind of a team we have. By process of elimination, Mr. Thrasher and Mr. Proper have selected fifteen boys. They are Elwood Satterfield, James Evans, Don Pomfrey, James Sebring, Eddie Gibbons, Tommy Reed, Harold Adams, Frank Haight, Kenny Hada, Bob Fliter, and Kenny Briggs. The boys are in fine shape waiting for the season to get underway. They have had hard but good practices which will make them a successful team. When the first game comes around I believe the boys can go out and win.
